

B4NTR

Broadband for North Tyne and Redesdale

B4NTR is your local community group working with B4RN to deliver gigabit full fibre broadband to parishes in North Tyne and Redesdale.

To contact your local community group head to our website: B4NTR.com, or search "B4NTR" on [Facebook](#).

For more about B4RN, head to b4rn.org.uk.

Download the form or view the share prospectus at: b4rn.org.uk/resources

Or email: info@b4rn.org.uk

B4RN Community Benefit Society is regulated by the FCA (Registration number 31352R)

Invest in B4RN

Help bring 1,000Mbps Broadband to North Tyne and Redesdale

- You each have the opportunity to invest in order to help fund the scheme, if you wish to.
- The core of every community's investment is made up of shares (*NB: you do not have to invest to get a B4RN connection*).
- Shares must be held for a minimum 3 years (then they can be withdrawn by the shareholder) and have an attractive return (currently 5% p.a.).
- Invest £1,500 and your connection fee (worth £150) is waived.
- You can invest more. For every £1,500, another person can be connected for free.
- Investment makes you a member. You can add to your shareholding at any time.

The B4RN Community Benefit Society aims to:

1. Provide high speed broadband to rural premises, especially in those areas poorly served by other suppliers;
2. Promote the take up of broadband, the Internet and the use of ICT generally in previously digitally disadvantaged areas;
3. Give a chance for the public-spirited to contribute financially to the community - for social dividend, rather than personal reward.
